Join one – or sign up for all GreenWrench services

- 1. Technical Assistance Visits** – Receive free technical assistance with a customized pollution prevention plan, training, and troubleshooting with confidential in-person visits by the GreenWrench consultant team.
- 2. Workshops** – Learn and ask questions from government inspectors about how to comply to local and federal regulations.
- 3. Newsletter** – Find tips and tricks for reducing pollution and case studies on local shops in the GreenWrench newsletter.
- 4. GreenWrench Certification** - Apply to become GreenWrench Certified by accomplishing your pollution prevention goals and showing progress on improvements to your shop. Advertise to customers that your facility meets rigorous environmental standards.

GreenWrench is a program of the Department of Energy and the Environment and is made possible by a grant from the US Environmental Protection Agency.

Shop Feedback

All products received positive feedback

Cleaners and Degreasers

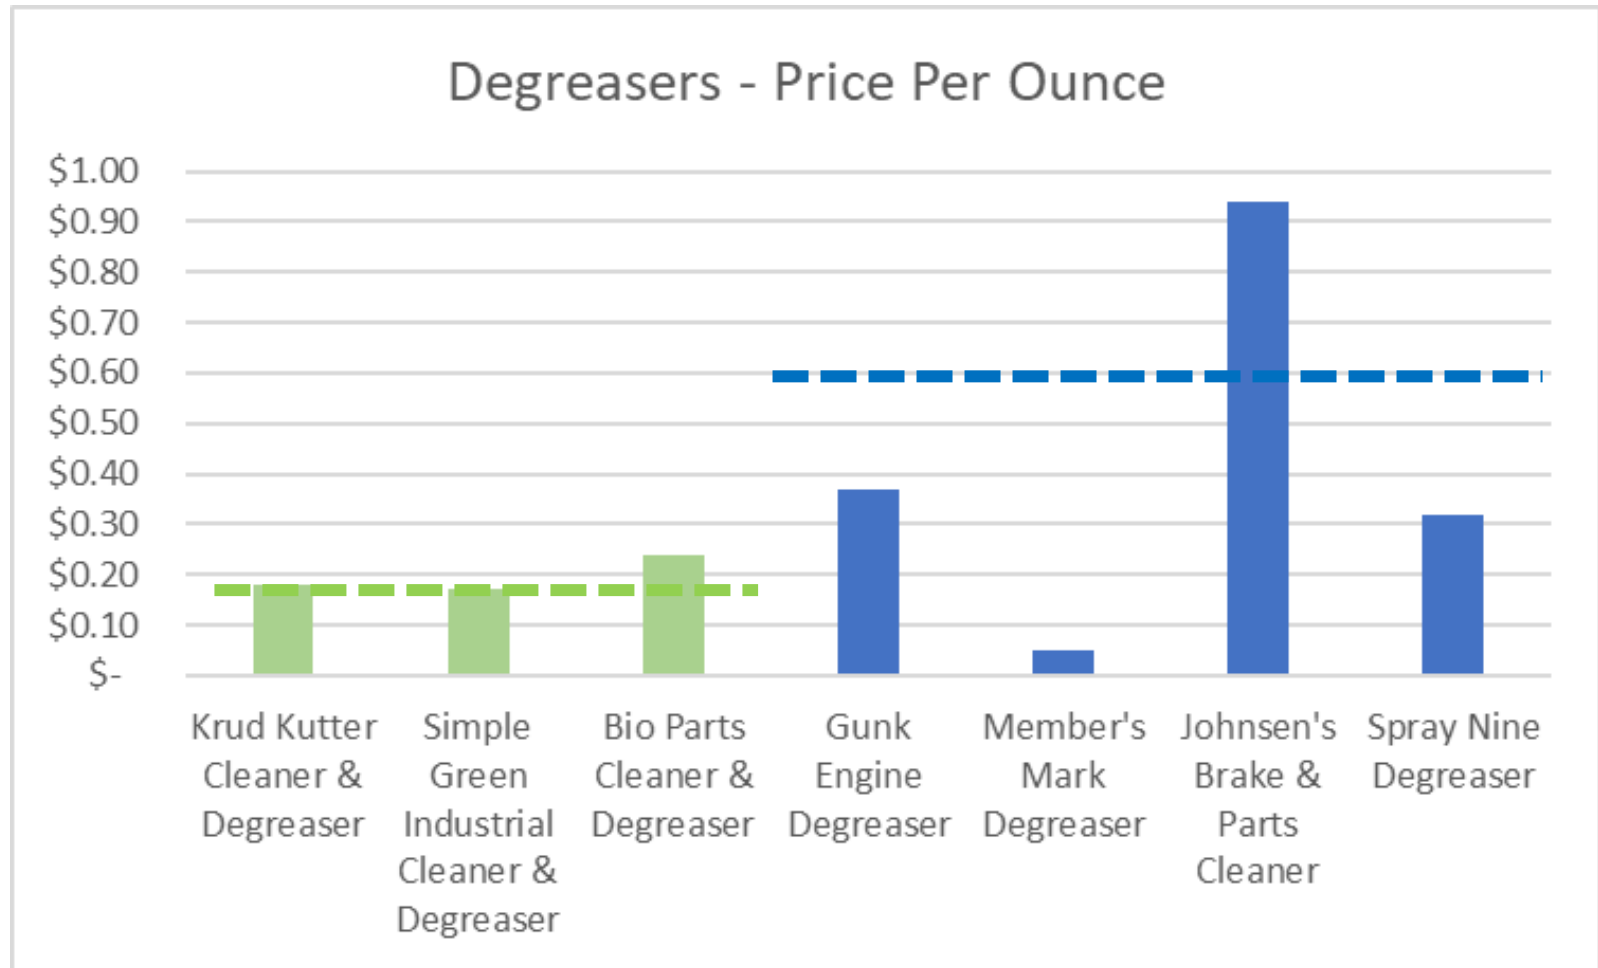

- Non-irritating smell
- Cut through grease

Spill Absorbent

- Effectively cleaned spills

Lubricant

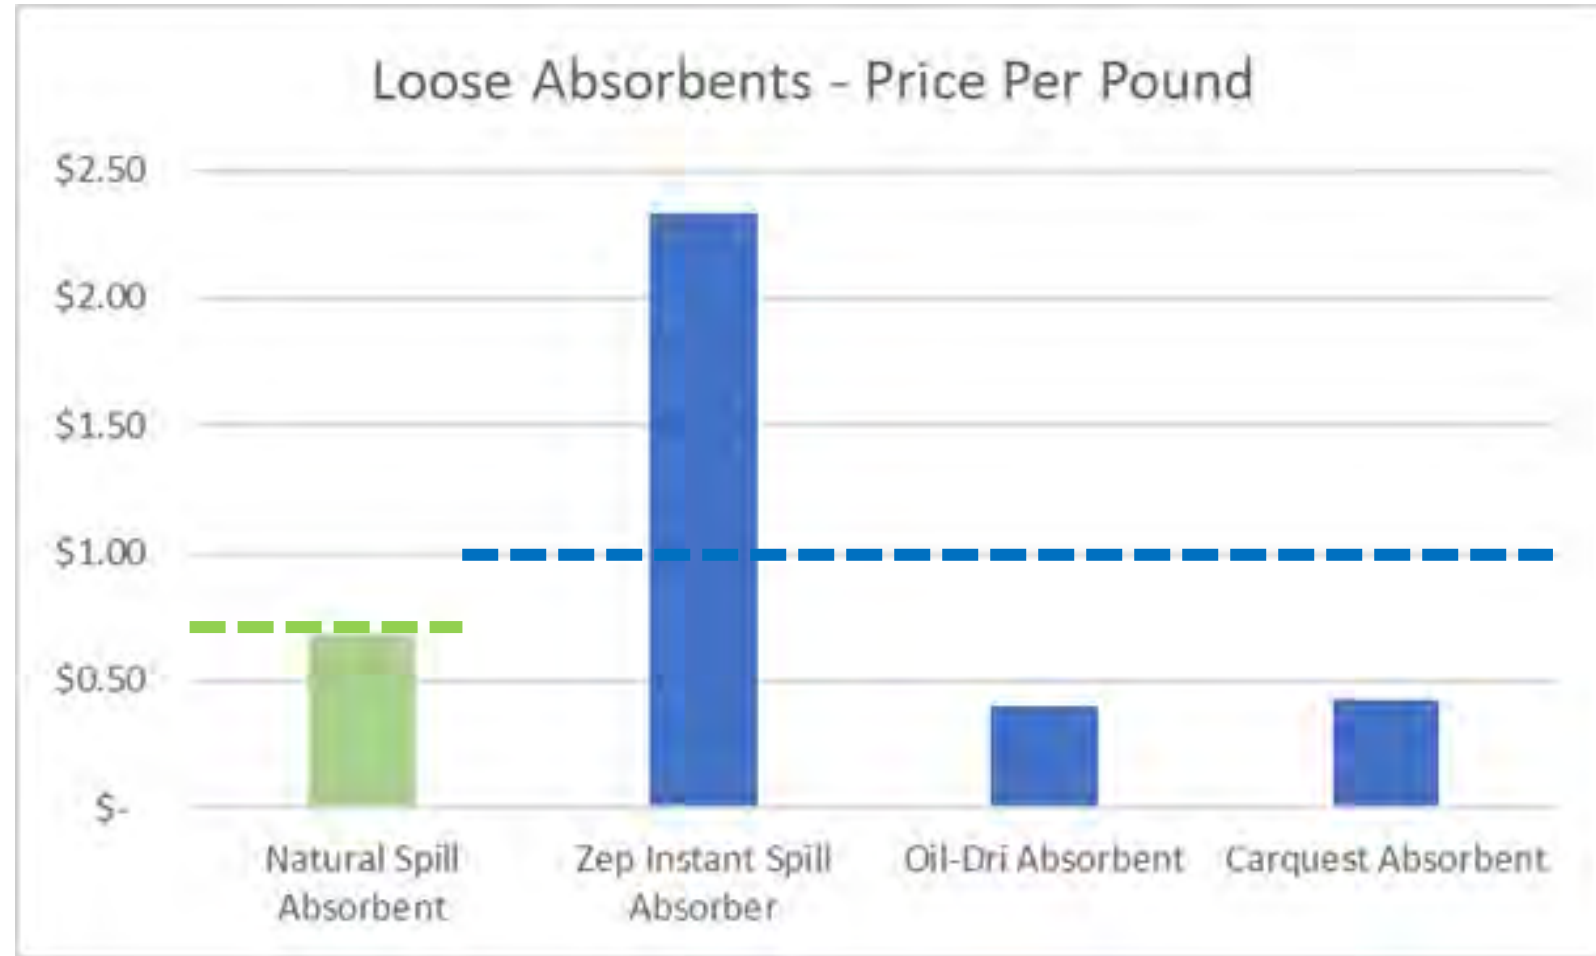

- Penetrates well
- Prevents corrosion

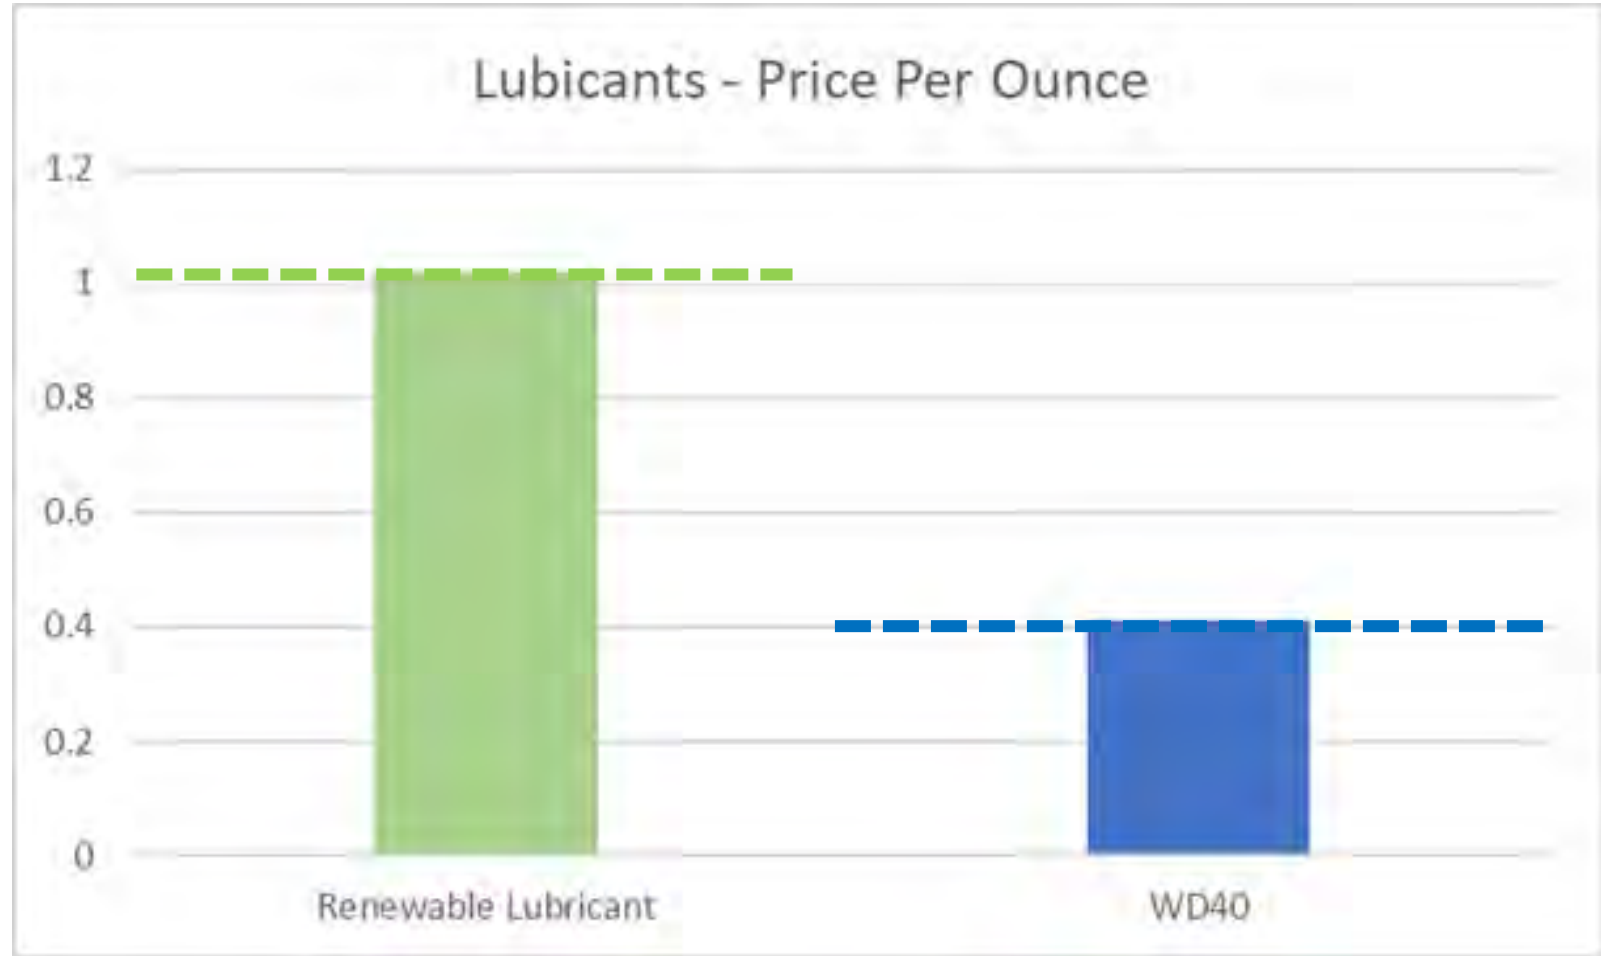

The Safer Degreasers is on average more than 50% less expensive!

The Safer Cleaner price is always cheaper!

The Natural Absorbent option is competitive.

The safer lubricant needs an incentive to be competitive.
