

## 2024 Representative Organization Registration Fees

The fee due from a representative organization (RO) depends on the number of participating manufacturers. ROs have a base registration fee of \$17,058.22 if there is one manufacturer, plus \$2,501.87 for each additional manufacturer participating in the RO. The RO can decide how to allocate the fee among the participants.

**An RO registration application, including payment of the fee, is due by October 1, 2023.**

**How to submit:** Registration fees (and all shortfall fees owed by manufacturers that registered as individual manufacturers for the 2022 program year or did not register for 2022 and were required to) must be submitted by the RO lead for the total number of manufacturers in a single online payment or a single paper check. *For payment instructions, visit <https://doee.dc.gov/service/eCYCLE-DC-Manufacturers>.*

**Calculating the fee:** Total registration fee due = \$17,058.22 + (\$2,501.87 \* (Y-1)), where “Y” is the number of RO participants.

For your convenience, the fees for ROs of varying sizes are shown below.

Number of Manufacturers in the RO	Registration Fee
One manufacturer	\$17,058.22
Two manufacturers	\$19,560.09
Three manufacturers	\$22,061.96
Four manufacturers	\$24,563.83
Five manufacturers	\$27,065.70
Six manufacturers	\$29,567.57
Seven manufacturers	\$32,069.44
Eight manufacturers	\$34,571.31
Nine manufacturers	\$37,073.18
Ten manufacturers	\$39,575.05
Eleven manufacturers	\$42,076.92
Twelve manufacturers	\$44,578.79
Thirteen manufacturers	\$47,080.66
Fourteen manufacturers	\$49,582.53
Fifteen manufacturers	\$52,084.40

*There is no limit to the number of manufacturers that can participate in a representative organization. Add \$2,501.87 for each additional manufacturer over fifteen as represented in the chart above.*
